Creative Developer

A fantastic opportunity has arisen for a talented student developer to join our growing Creative Development Team.

You will be working alongside our creative media designers to produce exceptional elearning and interactive multimedia applications.

Who are we looking for?

We are looking for someone with demonstrable experience in creating outstanding elearning solutions. You should have a keen eye for beautiful design, eye-catching composition and engaging user experience.

You should be eager to learn new tools, techniques and technologies, as you will be creating learning experiences in a range of elearning authoring tools, which our experienced developers will help to train you in.

You must have excellent interpersonal and communication skills, and work well within a team of creative people. It's essential that you are able to work under pressure and manage workloads effectively, in addition to being highly self-motivated and well organised. It's important that you have an exceptional eye for detail and good time management skills.

Experience

Experience of working with the Adobe Creative Suite of tools is essential.

Experience with the following is also required:

- Web development
  - HTML - CSS - JavaScript

Not essential but highly regarded skills:

- Video and audio editing software
  - Adobe Pemiere, After Effects and Audition.

Working location

Due to the training and support required during a placement year, it is necessary for placement students to have a permanent office presence at our beautiful office in Harewood.

We are a friendly and sociable team who are looking forward to meeting any new starters face to face.

Information

Location: Harewood House Estate Leeds, West Yorkshire.

Salary: £20,000.

Hours: 36 per week.

Qualifications: Applicants for this role will be judged predominantly on their portfolio, over their CV and qualifications.

Ideally, candidates should have access to their own transport, due to limited public transport to the Harewood Estate.

Job perks

Great working conditions, with a friendly, inventive and fun atmosphere.

Company socials, meals and events.

Training and skill development.

About Dynamic
